

TRUMAN SUBPOENAED IN PROBE

PRO-ITALIAN DEMONSTRATORS are shown dragging the furniture from the headquarters of the Tito's Independence Front in Trieste and burning it in the street during a riot in the Free City. Ten persons were reported killed during the day's battles. Demonstrations also occurred in Rome, where police were forced to use clubs and tear gas against 12,000 students led by Communists.

Filipino Chieftain Behind In National Election Tally

MANILA, Wednesday (AP) — Chal- lenger Ramon Magsaysay today took an early lead in Manila over President Elpidio Quirino in apparently the least violent presidential election in the republic's seven-year history.

At persons were reported slain by gunfire and stabbing during the balloting yesterday. In the last presidential election in 1949 there were 25 reported killed and scores injured.

Election officials said they do not expect decisive results for about three days.

However, Philippines News Service said the trend looks like a "nationwide landslide" for Magsaysay, the ex-guerrilla fighter who quit his job as defense secretary under Quirino last spring.

The first complete, unofficial report from 137 of Manila's 1,500 precincts showed Magsaysay 15,944 and Quirino 3,555. Manila was expected to be in the Magsaysay fold.

OTHER SPARSE returns from the provinces gave Magsaysay a total of 31,707 and Quirino 10,625, only a tiny fraction of the island's total.

The early reports showed Mag-

Fear Of Reds Said Geared For Hysteria

NEW YORK (AP) — Former President Harry S. Truman says a fear of communism is being manipulated by a few so as to cause nationwide hysteria, thereby placing freedom of speech and thought under attack.

In an extemporaneous speech before the American Jewish Congress last night, Truman said he feared the fight for freedom of speech and thought "is losing ground." He added:

"Fear of communism is being manipulated by a few so as to cause a wave of hysteria in this country."

"Fear is a great silencer and people are being kept quiet for fear of being accused of sympathy with communism."

"When people become afraid to speak their beliefs or to defend the innocent or to explore new ideas, then freedom is really in danger."

He said he did not mean "we are about to lose these freedoms," but added, "I will say that they are under attack."

Truman was awarded the AJC's 1952 Stephen Wise Award for his "consistent and courageous leadership in the cause of civil rights."

Akron Promoter Facing Claims

CLEVELAND (AP) — The government yesterday claimed an Akron promoter owes \$12,000 in taxes and penalties for the 1945-50 period.

Booker T. Brooks came into court without an attorney, saying he could not afford one. Government agents had estimated he spent \$3,600 annually in entertaining him and his wife.

Judge Clarence V. Opper took the case under advisement after Brooks denied he was a gambler.

Six Injured As Cleveland Elevator Falls

CLEVELAND (AP) — Six of 16 persons in an elevator that plunged 60 feet to the basement of a downtown office building remained hospitalized today as investigators sought the accident's cause.

While an evening rush hour crowd of more than 1,000 jammed into the Caxton Bldg. yesterday, police ambulances took the elevator passengers to four hospitals.

Ten of the persons hurt, including the elevator operator, were treated at hospitals and released. Of the six admitted, all had back or leg injuries or both, and one, Miss Minnie Lubnow, 50, was listed in serious condition.

Located near the rear of the main lobby, the elevator was used for both freight and passengers.

City inspectors had examined it Thursday and some repairs had been ordered, Building Manager H. W. Slack said.

The elevator operator, Metro Kuhar, 62, said after starting down from a fifth-floor stop he "heard a loud snapping sound."

George L. Meyers, chief city elevator inspector, said the "hoist" cables of the elevator were broken, the "weight" cables which counterbalance the hoist lines were still intact.

Meyers said he was uncertain whether the cables snapped before the elevator fell or because of the impact when the car hit two large coil springs at the bottom of the shaft. These springs hurled the car upward again about 10 feet.

Jewish Unit Raps House Probers

NEW YORK (AP) — The American Jewish Congress said yesterday the House Un-American Activities Committee has embarked on a new course that "threatens religious freedom in this country."

For a long time the committee has pursued "un-American methods" by "its use of discredited witnesses and the irresponsible release of uncorroborated accusations," the congress said, and added that "the committee now is expressing judgments on who shall occupy the pulpits of America, what materials shall be circulated by churches, what agencies the churches shall create for the fulfillment of their objectives and what causes ministers of religion may not espouse."

Mourning Decreed

BAHREIN, Persian Gulf (AP) — Saudi Arabia's new king, Sad Ibn Abdul Aziz, has decreed 14 days of official mourning for the death of his father, King Ibn Saud.

Big 3 Lash Israel For Killing Arabs

Call For U.N. Action Withheld Until Reply Made By Both Sides

UNITED NATIONS, N. Y. (AP) — The Big Three have denounced Israel before the U. N. for the recent killing of 53 Arabs in the Jordan border village of Kibya. But they have agreed to hold off a call for Security Council action until both sides have their say.

Israel's Chief Delegate, Abba Eban told the council he will plead his government's case when the hearing is resumed Thursday.

Israel, meanwhile, faced another going-over today before the council on neighboring Syria's complaint that it is stealing the life-giving waters of the Jordan from Arab farmers by diverting the river for an Israeli hydroelectric project.

Israel agreed at the U. N.'s best to halt work on the Jordan project while the council debates the Syrian complaint. But Israeli sources indicated last night that if the council does not take action soon, she will seek permission to resume work.

Israel's Prime Minister Churchill and French Premier Laniel Dec. 4 in Bermuda to develop new policies to counter Russia's threat to Western security.

The workshop had been endorsed by Congressmen Frank T. Bow, Canton Republican; President Howard F. Lowry of the College of Wooster, Mayor John Grassbaugh, State Rep. Ralph Fisher and 27 other prominent Wooster clergymen and business men.

Advance literature said the workshop was a "local effort to Wayne County citizens to seek grass roots opinion and to put into effect the democratic, godly way to world peace." The notices said the workshop had no connection with any state or national group.

Zack Zengler, executive director of the Keep America Free Council, said some sponsors of the meeting asked his organization to investigate the background of the prin-

cipal speakers—Shepherd L. Witman, executive director of the Cleveland Council on World Affairs, and Kermit Eby, a minister and a professor of social sciences at the University of Chicago.

The Canton group, which was instrumental in getting a United Nations flag removed last year from a position next to the Am-

Wooster Peace Parley Killed By Second Group's Objection

WOOSTER (AP) — A two-day workshop for peace and security which Wayne County citizens intended to hold here this coming weekend has been canceled following objections by the Canton "Keep America Free Council" to two scheduled speakers.

The workshop had been endorsed by Congressmen Frank T. Bow, Canton Republican; President Howard F. Lowry of the College of Wooster, Mayor John Grassbaugh, State Rep. Ralph Fisher and 27 other prominent Wooster clergymen and business men.

Advance literature said the workshop was a "local effort to Wayne County citizens to seek grass roots opinion and to put into effect the democratic, godly way to world peace." The notices said the workshop had no connection with any state or national group.

Zack Zengler, executive director of the Keep America Free Council, said some sponsors of the meeting asked his organization to investigate the background of the prin-

cipal speakers—Shepherd L. Witman, executive director of the Cleveland Council on World Affairs, and Kermit Eby, a minister and a professor of social sciences at the University of Chicago.

The Canton group, which was instrumental in getting a United Nations flag removed last year from a position next to the Am-

ERICAN flag on the Stark County Courthouse, said the two scheduled speakers had been associated with groups investigated by the House Un-American Activities Committee.

After the Canton Council report, Huber Delinger, chairman of the workshop, said: "To avoid further misunderstanding, we find it best to postpone our plans and change the date for questioning in the Harry White Case."

The committee member, a Democrat who did not wish to be identified, said he did not know whether the subpoena had yet been served on Truman who is now in New York.

WASHINGTON (AP) — A member of the House Un-American Activities Committee said today it has issued a subpoena for the appearance of former President Truman Thursday for questioning in the Harry White Case.

The committee member, a Democrat who did not wish to be identified, said he did not know whether the subpoena had yet been served on Truman who is now in New York.

Byrnes, now governor of South Carolina, has supported the charge of Atty. Gen. Brownell that Truman promoted White, one-time assistant Treasury secretary although the President was aware of FBI reports that White was a Soviet spy.

But while Byrnes was making this accusation, at least two other top Truman administration aides denied having seen the disputed report on White, who died in 1948.

Byrnes, now governor of South Carolina and now a bitter Truman political foe, said he suggested Truman withdraw White's nomination to a higher government post, a nomination Atty. Gen. Brownell contends was made early in 1946 despite an FBI report that White was a Soviet spy.

At the time Brownell first made the accusations, Truman said, "I don't recall that such a thing happened." He has also said, "It was never proved that White was a spy . . . He was never indicted by a grand jury."

BYRNES supported President Eisenhower in the 1952 campaign and is now on the Eisenhower team, being appointed a delegate to the United Nations.

Spruille Braden, an assistant secretary of state under Byrnes, and Adm. William D. Leahy, personal chief of staff to Truman, said they did not recall seeing any FBI report on White, who died in 1948.

Californians Vote In Vital Congress Poll

LOS ANGELES (AP) — The final congressional election of the year drew nationwide attention today to the 24th California District, where a Democratic victory would reduce the Republican House majority to two representatives.

In their campaign, Republican forces emphasized that success for them would constitute a vote of confidence in the Eisenhower administration.

The Democrats, steamed up by recent triumphs in Wisconsin and New Jersey, have indicated that they would regard a victory as a definite straw in the political wind.

The House lineup at present is 218 Republicans, 215 Democrats, 1 independent and 1 vacancy — the seat which will be filled today.

Two Democrats and two Republicans are in the local race, and the one who polls the most votes will win. There will be no runoff.

The seat at stake is the one relinquished by Norris Poulson, Republican, when he was elected mayor of Los Angeles.

Republicans have given their official endorsement to Glenard P. Lipscomb and the Democratic party organization is backing George Arnold. But also in the race are John L. E. Collier, Republican, and Irving Markheim, Democrat.

Lipscomb and Collier are state assemblymen. Arnold is a lawyer, son of Thurmond Arnold, assistant attorney general under Franklin D. Roosevelt. Arnold's wife is the daughter of columnist Drew Pearson. Markheim is a veterans' service officer who ran for Congress unsuccessfully in 1952.

The Democrats have an advantage of 6,000 more registered voters in the district.

ROY WALISA, the ninth person indicted last Thursday in connection with a gambling raid staged by Circleville police in late September entered pleas of innocent on Tuesday when they were arraigned before Pickaway County Common Pleas Court.

Roy Walisa, the ninth person indicted in connection with the raid, did not appear Tuesday. He is to be arraigned to enter his plea on Thursday.

Pleas of innocent to straight gambling accusations were made by Lloyd Rhymer, Daisy Sansone, Conway Stonerock, Therious G. Moore, Edward Watson, Leonard Rutter and Charles Sterling. Dallas Oldman entered a plea of innocent on an indictment accusing him of maintaining a room for gambling.

Two other persons also indicted by the recalled September grand jury panel last Thursday entered pleas of guilty during appearances Tuesday.

ASHLEY SMITH entered a plea of guilty to an indictment of non-support, and Russell Honaker entered guilty pleas on two counts of forgery. They are to appear later for sentencing.

William Tamerlin of Chicago, indicted for Manslaughter with auto, and a person named in a secret indictment did not appear.

After hearing the innocent pleas of the persons accused in connection with the gambling raid, the court of Judge William D. Radcliff indicated trials for the accused will begin next week.

Negotiation Set

LOS ANGELES (AP) — Union and management representatives at strikebound North American Aviation Inc. were called together by a federal conciliator for a joint meeting today.

The father, who lives on a farm about a mile south of South Solon, was shot in the left hand.

Neutral Panel Abandoning Hope In POW Questioning

PANMUNJOM (AP) — The Indian command today all but abandoned hope for getting the stalled prisoner of war explanation program under way again and told the Communists that any solution is up to them.

It seems better to face the situation as it is rather than to go on with these interminable stoppages," said Lt. Gen. K. S. Thimayya, Indian chairman of the Neutral Nations Repatriation Commission, adding:

"I can see no use in carrying on with these demoralizing interruptions."

Thimayya met for four hours with the Communist high command at Kaesong Monday night. He told a news conference he would see the Red generals again in two or three days.

It appeared likely that the Communist explanation program would collapse unless the Reds abandon slowdown tactics and agree to new rules laid down by Thimayya.

Observers said there was little chance they will agree.

THERE HAVE been growing indications that the Communists want

to escape from the explanation program which has cost them a humiliating propaganda defeat.

So far 97 per cent of the Chinese and North Koreans interviewed have refused to return to their Communist homelands.

They have been no explanations since Thursday.

Thimayya reiterated Tuesday that if the present system collapses he will use Indian troops to screen prisoners who have not been interviewed.

The Lake Superior Iron Ore Assn. reported that the seven days to yesterday morning 1,778,487 tons of ore were transported, raising the 1953 tonnage to 92,720,346. The previous record, set in the war year of 1942, was 92,076,781 tons.

The assistant secretary of defense for manpower predicts the cold war may continue for the next 20 years."

Dr. John A. Hannah, on leave as president of Michigan State College yesterday, told the Assn. of Land Grant Colleges yesterday he is, however, "hopeful that war with Russia can be prevented." He said:

"The best assurance against war is a strong national defense—ample material and enough men and the dollars necessary to provide both material and manpower."

The Indian general told the re-

Booker T. Brooks came into court without an attorney, saying he could not afford one. Government agents had estimated he spent \$3,600 annually in entertaining him and his wife.

Judge Clarence V. Opper took the case under advisement after Brooks denied he was a gambler.

3 Ransom Bills Found By Police

PETOSKEY, Mich. (AP) — Three bills included in the \$600,000 ransom paid in the Bobby Greenlease kidnap-killing have been uncovered. Two of them were found in Michigan, a third in Indiana.

Of the ransom paid, \$308,000 has not been found. Finding of the bills raised immediate speculation by authorities that hoodlums may be peddling the money to "fences."

Two bills, one a \$20 and the other a \$10, were reported found here and in Detroit yesterday. Maj. Walter Weyland, executive officer of the Indiana state police, announced last night that a \$20 bill had been found in Petersburg, Ind.

County Farmer Is Killed By Corn Picker

A Pickaway County farmer was killed Tuesday morning when his body was drawn into the snapping rolls of a corn picker.

He was identified by Pickaway County's sheriff's department as Harry Davidson, 31, who lives on the Curtis Bower farm about one mile north of Grange Hall in the northwest part of the county.

Davidson was killed at about 11:15 a. m. in a cornfield on the Bower farm. His body was found slumped over the picker by Clarence Whaley, who also was working in the field.

Wright Radcliff, son of Sheriff Charles Radcliff, said Davidson's left arm, left leg and head had been drawn into the machine. Davidson reportedly died soon after he was discovered by Whaley.

Davidson was married and had a three-year-old son. He was the son of Mr. and Mrs. Oscar Davidson of 142 E. Mill St.

The body has been removed to Defenbaugh Funeral Home.

Jewish Unit Raps House Probers

NEW YORK (AP) — The American Jewish Congress said yesterday the House Un-American Activities Committee has embarked on a new course that "threatens religious freedom in this country."

Located near the rear of the main lobby, the elevator was used for both freight and passengers.

Big 3 Lash Israel For Killing Arabs

Call For U.N. Action Withheld Until Reply Made By Both Sides

UNITED NATIONS, N. Y. (AP) — The Big Three have denounced Israel before the U. N. for the recent killing of 53 Arabs in the Jordan border village of Kibya. But they have agreed to hold off a call for Security Council action until both sides have their say.

Israel's Chief Delegate Abba Eban told the council he will plead his government's case when the hearing is resumed Thursday.

Israel, meanwhile, faced another going-over today before the council on neighboring Syria's complaint she is stealing the life-giving waters of the Jordan from Arab farmers by diverting the river for an Israeli hydroelectric project.

Israel agreed at the U. N.'s behest to hold off on the Jordan project while the council debates the Syrian complaint. But Israeli sources indicated last night if the council does not take action soon, she will seek permission to resume work.

BRITAIN, France and the United States last night joined in strongly condemning the Oct. 14 Kibya raid by Armed Israeli as a flagrant violation of the already strained Palestine armistice. They said the incident endangered the peace in the Middle East. They appealed to Israel to stop trying to justify the incident as a logical act of reprisal and to help bring the guilty ones to justice.

An authoritative Big Three source said today Eban's response to the Western censure largely will determine how strong the wording of their resolution on the border killings is to be.

Britain's Sir Gladwyn Jebb (Continued on Page Two)

Official Business Halts Wednesday

All official business in Circleville and Pickaway County will grind to a halt Tuesday afternoon and not resume until Thursday in observance of Armistice Day on Wednesday.

City and county offices, the banks and postoffices throughout the county will observe the holiday.

However, most schools throughout the county will continue in operation, and retail business will continue during the day.

Ohio Bull Tagged Grand Champion

LEXINGTON, Ky. (AP) — Portage Mixer 23 of the Portage Farms, Woodville, Ohio, is the judged grand champion bull of the Blue Grass Hereford Show at the University of Kentucky.

The winner, chosen yesterday, is owned by Mr. and Mrs. J. J. Schell and was shown by Harold Heinrich, manager of the Portage Farms in Sandusky County.

Neutral Panel Abandoning Hope In POW Questioning

PANMUNJOM (AP) — The Indian command today all but abandoned hope for getting the stalled prisoner of war explanation program under way again and told the Communists that any solution is up to them.

"It seems better to face the situation as it is rather than to go on with these interminable stoppages," said Lt. Gen. K. S. Thimayya, Indian chairman of the Neutral Nations Repatriation Commission, adding:

Thimayya met for four hours with the Communist high command at Kaesong Monday night. He told a news conference he would see the Red generals again in two or three days.

It appeared likely that the Communist explanation program would collapse unless the Reds abandon slowdown tactics and agree to new rules laid down by Thimayya.

Observers said there was little chance the Reds will agree.

There have been no explanations since Thursday.

Thimayya reiterated Tuesday that if the present system collapses he will use Indian troops to screen prisoners who have not been interviewed.

Wooster Peace Parley Killed By Second Group's Objection

WOOSTER (AP) — A two-day workshop for peace and security which Wayne County citizens intended to hold here this coming weekend has been canceled following objections by the Canton "Keep America Free Council" to two scheduled speakers.

The workshop had been endorsed by Congressman Frank T. Bow, Canton Republican; President Howard F. Lowry of the College of Wooster, Mayor John Grassbaugh, State Rep. Ralph Fisher and 27 other prominent Wooster clergymen and business-

men.

Advance literature said the workshop was a "local effort to bring grass roots opinion and to put into effect the democratic, godly way to world peace." The notices said the workshop had no connection with any state or national group.

Zack Zengler, executive director of the Keep America Free Council, said some sponsors of the meeting asked his organization to investigate the background of the prin-

cipal speakers—Shepherd L. Witman, executive director of the Cleveland Council on World Affairs, and Kermit Eby, a minister and a professor of social sciences at the University of Chicago.

The Canton group, which was instrumental in getting a United Nations flag removed last year from a position next to the Am-

ericans flag on the Stark County Courthouse, said the two scheduled speakers had been associated with groups investigated by the House Un-American Activities Committee.

After the Canton Council report,

Huber Delinger, chairman of the workshop, said: "To avoid further misunderstanding, we find it best to postpone our plans and change the program."

In Cleveland Witman said the Cleveland Council on World Affairs never had any connection with the Institute of Pacific Relations, as the Canton group claimed. He said the Keep America Free Council last December "made a variety of charges that were without basis of fact" and added:

"I think it's tragic that responsible citizens will yield to such pressure and deny to the citizenry of their town the opportunities for free democratic discussion of issues which are vital to the security of this nation."

"I am vigorous in my attacks upon communism, and I believe that one of our strongest weapons is the traditional exercise of democracy as our founding fathers gave it to us."

In Chicago, Prof. Eby, who had not heard of the program's cancellation, told a newsman:

"The five-day meeting, suggested by Churchill, will also bring together Secretary of State Dulles, British Foreign Secretary Eden and French Foreign Minister Bidault to review joint West-

ern security.

The five-day meeting, suggested by Churchill, will also bring together Secretary of State Dulles, British Foreign Secretary Eden and French Foreign Minister Bidault to review joint West-

ern security.

The future of Western Germany, diplomats said, will be the foremost issue at the Bermuda meeting, but the Western leaders also will discuss such Far Eastern problems as Korea and the war in Indochina.

The auditor reported this city was only one of 79 Ohio municipalities whose expenses last year exceeded their revenues.

However, the report does not mean that this city is "in the red." Actually, Circleville is solvent and above the board, although operating with less of a balance from year to year.

City Auditor Miss Lillian Young Tuesday said she was not sure upon what figures Rhodes based his claim for Circleville, but that Circleville entered 1953 with a balance of about \$2,500 on hand.

American officials acquainted with top policy matters said Eisenhower agreed to the sessions in view of Russia's unexpectedly tough note to the Western Powers, brushing aside their bid for a four-power conference on Germany.

Secretary of State Dulles yesterday termed Russia's note a demand for "unconditional surrender" by the free world as a prior condition to any meeting with Eisenhower, but his health prevented a projected Big Three meeting in Bermuda last July.

Secretary of State Dulles yesterday termed Russia's note a demand for "unconditional surrender" by the free world as a prior condition to any meeting with Eisenhower, but his health prevented a projected Big Three meeting in Bermuda last July.

The blunt, uncompromising nature of Russia's note may also have weakened Churchill's reported determination to meet with Soviet Premier Georgi Malenkov, alone if necessary.

The city auditor added that operations for this year were made stronger by a late distribution of personal and property taxes, which should have been received in 1952. The city was without that source of income during the last part of 1952, while its expenses remained the same.

However, most schools throughout the county will continue in operation, and retail business will continue during the day.

Actually, Circleville's finances now indicate the city will end 1953 operations with a balance of about \$20,000. The difference in the city's expenditures and its income in 1952 was absorbed by the balance left over.

Anti-Commie Panel Member Tells Of Move

(Continued from Page One)

Eisenhower's attorney general issued a new statement declaring FBI Director J. Edgar Hoover had given a full and adequate notice of spying activities" by White to the White House, to four Cabinet officials and four other top men.

Truman, who has termed Brownell's accusations a desperate political maneuver, maintained silence on the new statement. He turned aside with a "no comment" all questions, including those about Byrnes' version.

Brownell appeared to have backed away slightly on one point from the charges he voiced in a Chicago speech last Friday.

He said then a detailed FBI report on White's "spying activities" was delivered to President Truman through his military aide, Maj. Gen. Harry H. Vaughan, in December, 1945. Yesterday he said that report, and a second one on Feb. 4, 1946, were delivered to Vaughan "for the attention of the President." Vaughan has denied knowledge of such reports.

BROWNELL said yesterday copies of the first FBI report were sent to Byrnes and to these other members of the Truman Cabinet: Atty. Gen. Tom C. Clark, Secretary of Defense James V. Forrestal and Secretary of the Treasury Fred M. Vinson. Forrestal and Vinson, who later became chief justice, are dead. Clark, now a Supreme Court justice, was not available for comment.

Brownell said copies also went to Leahy and Braden and to Gen. Hoyt S. Vandenberg, then a lieutenant general in charge of War Department intelligence; and to Fred Lyon, a State Department division chief. Neither Lyon nor Vandenberg, a patient at Walter Reed Army Hospital, could be reached immediately.

Certificate Mailed, Tax Funds Awaited

Sales tax funds were due Pickaway County from the office of State Auditor James A. Rhodes Tuesday after county officials had complied with a routine requirement.

Rhodes has distributed \$1.8 million in sales tax money to county treasurers, the distribution being made for allocation to political subdivisions within the various districts.

However, Rhodes said Pickaway, Muskingum and Washington counties had received no sales tax funds since July 1 because the county auditors failed to send certificates. The certificates show how the money is to be distributed within a county.

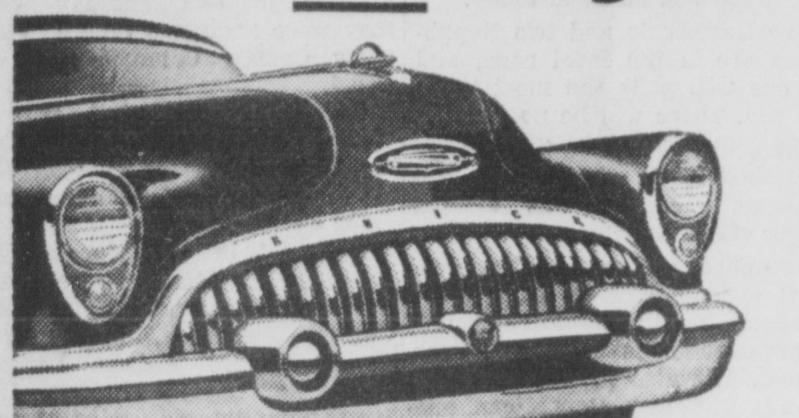

Pickaway County Auditor Fred Tipton said sending of the certificate had to await a meeting of the budget commission here. The certificate was sent shortly after the commission met Monday, and Tipton said the county should be getting its check from the state within a few days.

60 Attending Dealer School

A factory service school for 60 dealers was being held Tuesday at Wood Implement Co., where the new Case 500 diesel five-plow tractor is now on display.

First field showing in Ohio of the new Case 500 will be held beginning at 1 p. m. Wednesday on the Harry Puffinbarger farm on Route 138.

City Schools Plan 'Open House' Programs For Education Week

Circleville schools are celebrating American Education week this week with a series of "open house" programs in various buildings.

A special invitation has been made to parents to visit the new Atwater Ave. school on Wednesday.

"Open house" programs will be held on Thursday for parents to visit at Franklin, High and Walnut St. elementary schools. Corwin St. elementary school and the high school will observe "open house" programs later in connection with

dedication rites for the new physical education building now being completed.

School officials point out that parents are welcome any day to the various schools of the city, but that special efforts are made to have the parents visit the schools on the designated days this week.

(Continued from Page One)

IN DESCRIBING the observance of American Education Week, school officials have said:

"Never in this nation's history have the schools deserved more attention than they do now. During the present term, our schools and colleges are serving more students than ever before—a total of nearly 37 million.

"This figure is about two million higher than last year's. Young people in school this season make up 23 per cent of our country's entire population.

"Elementary schools account for the largest share of the big enrollment gain. They have about 1½ million more pupils this year than last. High schools, public and private, serve about 7.3 million young people—over quarter-million beyond last year's mark.

"The growth isn't expected to stop soon. Informed authorities estimate that by 1960 we shall have a school population of about 45 million—in other words, 10 million more than last season.

"The theme for the entire week—a statement which can well be addressed to all Americans of school age and older—is 'Good Schools are Your Responsibility.'

Schoolboy Patrol Said Successful; Violations Seen

Circleville's schoolboy patrol program which went into effect Monday at the Corwin St. and high school building was considered a success.

However, it also illustrated a great need for "younger education" in connection with the safety patrol system.

School youngsters were stationed at four intersections surrounding the main school, with one at the front entrance of the high school and another unit at the Corwin St. elementary school entrance.

Major Ed Amey, who backed the move to put the program into operation here, said he was satisfied with the first day's work.

THE MAYOR added, however, that he and Police Chief Elmer Merriman spotted a total of 126 pedestrian violations when school was dismissed at noon and in the afternoon.

A special film in connection with the program is to be shown to pupils here later to acquaint them with the patrol system. The film was shown to Circleville Knights of Pythias Monday night by Tom Harden.

Another item of equipment is being added to the program, also. Mayor Amey said Tuesday that 60 bright yellow rain ponchos have been ordered for the young patrolmen. They already have white web belts and badges.

Extended Five-Day Weather Forecast

Temperatures will average 2.5 degrees below normal. Normal maximum 50 north to 54 south. Normal minimum 34. Near or slightly above normal Wednesday, then turning colder Thursday or Friday with no major changes over the weekend. Snow flurries in Lake

Big 3 Lash Israel For Killing Arabs

(Continued from Page One)

spearheaded the Big Three rebuke, labeling the Kibya incident a "threat to the security of the entire area."

Declaring the raid was "apparently calculated," Jebb said the "whole situation is made worse by the apparent unwillingness of the Israel government to punish those responsible and hence, by implication, their willingness to condone

the raid."

Chief U. S. Delegate Henry Cabot Lodge Jr. told the council evidence left "no doubt" that armed Israeli forces had made the Kibya attack. He added that his government subscribed to Britain's stand in the matter.

Israel has maintained that the raid was made by local village defense forces, not the Israeli army, in reprisal for an earlier Jordan raid on the Israeli hamlet of Yadeh in which a woman and two children were slain.

Funeral services will be held at 1:30 p. m. Thursday in Van Cleve Funeral Home, Amanda. Burial is to be in Amanda Township cemetery.

Friends may call in the funeral home after Wednesday noon.

Hedges Sees Annexation As Vital For City

Mayor-elect Robert E. Hedges of Circleville, elaborating on a previous statement, Tuesday said a 15-acre annexation is vitally necessary for the continued betterment of the city.

Webb will bring his shotgun and demonstrate how to handle a gun safely while hunting. His talk and demonstration will be of interest to many, since hunting season is about to begin.

Also included on the evening's program will be a business meeting and recreation period. All youths in Pickaway County between 15 and 30 are invited to attend the meeting.

4 ROOM apartment unfurnished, 124 W. Main St. Ph. 239.

MARKETS

GRAIN FUTURES

CHICAGO (B) — Grains slumped in quiet dealings on the Board of Trade today.

Soybeans and old crop wheat, the strongest cereals in yesterday's advancing market, lost the most ground today.

Feed grains held quite well without being able to advance.

Wheat near noon was 1 lower, December \$1.99½, corn 1½ lower to 1½ higher, December 1.49¾, oats unchanged to 1½ lower, December 78, soybeans 1½ lower, November \$2.82½, and lard 27 cents lower to 5 cents a hundred pounds higher, November \$15.35.

CHICAGO LIVESTOCK

hogs 14,000; slow, 25-50 lower on butchers; sows uneven, steady to 50 lower; choice 80-270 lb butchers 20-10-40; 17-50-100 lb 20-20; 325-550 lb 17-50-100.

Salable cattle 600; salable calves 500; slaughter steers and heifers about steady; slow; more action on choice steers; yearlings around 25,000; cows dray, steady to 25 lower; bulls and vealers steady; bulk choice and prime steers and yearlings 23-28-30 good; prime, 19-20-25; high-commercial steers 19-20-22-25; high-commercial 1,300 lb weight 18.00; choice to low-prime 1,350 lb heifers 24-30; heavier heifers lighter, good; heifer calves 17.00-23.50; utility and commercial cows 9.75-12.50; bulk canners and cutters 11.00-12.00; prime, 11.00-12.00; commercial to choice 15.00-22.00; bull and utility 6.00-15.00.

Anti-Commie Panel Member Tells Of Move

(Continued from Page One)

Eisenhower's attorney general issued a new statement declaring FBI Director J. Edgar Hoover had given "full and adequate notice of spying activities" by White to the White House, to four Cabinet officials and four other top men.

Truman, who has termed Brownell's accusations a desperate political maneuver, maintained silence on the new statement. He turned aside with a "no comment" all questions, including those about Byrnes' version.

Brownell appeared to have backed away slightly on one point from the charges he voiced in a Chicago speech last Friday.

He said then a detailed FBI report on White's "spying activities" was delivered to President Truman through his military aide, Maj. Gen. Harry H. Vaughan, in December, 1945. Yesterday he said that report, and a second one on Feb. 4, 1946, were delivered to Vaughan "for the attention of the President." Vaughan has denied knowledge of such reports.

BROWNELL said yesterday copies of the first FBI report were sent to Byrnes and to these other members of the Truman Cabinet: Atty. Gen. Tom C. Clark, Secretary of Defense James V. Forrestal and Secretary of the Treasury Fred M. Vinson. Forrestal and Vinson, who later became chief justice, are dead. Clark, now a Supreme Court justice, was not available for comment.

Brownell said copies also went to Leahy and Braden and to Gen. Hoyt S. Vandenberg, then a lieutenant general in charge of War Department intelligence; and to Fred Lyon, a State Department division chief. Neither Lyon nor Vandenberg, a patient at Walter Reed Army Hospital, could be reached immediately.

Certificate Mailed, Tax Funds Awaited

Sales tax funds due Pickaway County from the office of State Auditor James A. Rhodes Tuesday after county officials had complied with a routine requirement.

Rhodes has distributed \$1.8 million in sales tax money to county treasurers, the distribution being made for allocation to political subdivisions within the various districts.

However, Rhodes said Pickaway, Muskingum and Washington counties had received no sales tax funds since July 1 because the county auditors failed to send certificates. The certificates show how the money is to be distributed within a county.

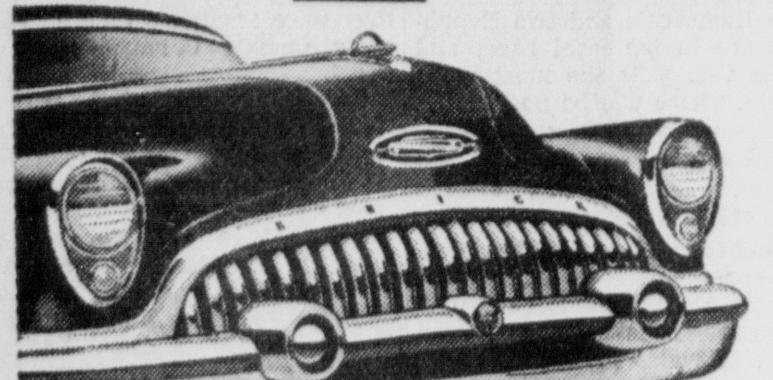

Pickaway County Auditor Fred Tipton said sending of the certificate had to await a meeting of the budget commission here. The certificate was sent shortly after the commission met Monday, and Tipton said the county should be getting its check from the state within a few days.

60 Attending Dealer School

A factory service school for 60 dealers was being held Tuesday at Wood Implement Co., where the new Case 500 diesel five-plow tractor is now on display.

First field showing in Ohio of the new Case 500 will be held beginning at 1 p.m. Wednesday in the Harry Puffinbarger farm on Route 138.

Hospital's Work Highly Rated By Police Chief

Circleville's Police Chief Elmer Merriman Tuesday joined in county-wide support for the drive to outfit a new wing being built at Berger Hospital.

Merriman pointed out his department often works in close cooperation with the hospital, and that he is in especially good position to know of its efficient teamwork with law enforcement men. Berger hospital is managed as a county institution.

Covered by a special levy approved by county voters, construction work on the new wing has been under way for several months. However, there is no provision levying the levy for outfitting the added section.

The campaign for funds is being directed by the hospital's General Guild. However, hundreds of volunteer workers, in Circleville and elsewhere in the county, have also joined in the effort.

CHAIRMAN Bog Adkins of the city planning and zoning commission has emphasized the need for the additional funds to keep the hospital abreast of community growth. Several advance donations were listed before the drive went into a "full steam" stretch this week.

Solicitations are being concentrated on this week, but the drive itself will be extended indefinitely.

Western Germany Official To Visit Here This Week

Pickaway County this week will play host to one of six officials of the local governments in Western Germany, who have begun a two-week study of city and county offices, schools and other public institutions in Columbus and central Ohio.

Expected to visit this county, probably on Thursday, is Christian Kreuzer, county manager of Bayrische Landkreisordnung.

Following a study of the work in Pickaway County's extension office, Kreuzer is expected to visit city and county offices in operation here.

Visits in central Ohio by the six West Germany officials is sponsored by the Government Affairs Institute and arranged by Ohio State University. Each of the visiting officials speaks English fluently.

There will be a chicken supper sponsored by Star Grange at Five Points School, Thursday, Nov. 12, 5 to 7:30. —ad.

Circle 5 of Methodist Church will sponsor a jitney supper Thursday, Nov. 12. Serving 5:30 to 7:30. Public invited. —ad.

Waitress Is Fined

Mrs. Florence Davis of 474 E. Ohio St., waitress, was fined \$25 and costs in the court of Magistrate Oscar Root Monday night for assault and battery on Charles V. Arrell.

ledge of Circleville. The offense occurred Oct. 25. According to the magistrate's records, Mrs. Davis was taken into custody by Deputy Sheriff Carl Radcliff.

only to the White House but to some members of Truman's Cabinet, including James F. Byrnes, and some other high officials.

At the time of those two FBI reports, Byrnes was Truman's secretary of state. The two men were friends then. But by the time Byrnes resigned they were not friends. They have been bitter political antagonists ever since.

Last night Byrnes, now governor of South Carolina, said he had not seen the first FBI report (December 1945) because he was out of the country then. But he said he saw the second one (February 1946) and went to Truman about it at once.

Byrnes said Truman told him he also had seen the FBI report and was surprised. Between the first and second FBI reports Truman had nominated White to the monetary fund job, which required Senate approval.

In his statement Byrnes said he urged Truman to withdraw the nomination. But on that very day, Byrnes said, the Senate had approved White, not knowing about the FBI reports.

Thus Byrnes was saying that Truman knew in February 1946 about the FBI report on White, whereas Truman has said as soon as he learned White was "wrong," he fired him, which was not until 1947.

Brownell said two other Cabinet members at that time—Secretary of the Treasury Fred M. Vinson and Secretary of Defense James Forrestal—had been given the FBI reports. Forrestal and Vinson, who became chief justice, are both dead.

In his statement Byrnes said he talked with Vinson about White on the same day he had talked with Truman—that Vinson came to see him after being told by Truman about White.

Byrnes said it was his understanding that Vinson intended to urge Truman not to appoint White to the monetary fund job even though the Senate that day had approved him. But he heard no more about it, Byrnes said, until he read in the papers that White had been commissioned for the job by Truman.

Truman responded promptly. He said he had no such recollection but "as soon as we found out that White was wrong we fired him." That was in 1947, a year after White's appointment.

But James C. Hagerty, Eisenhower's press secretary, just as promptly on Friday challenged Truman's statement about the firing. Hagerty said White had resigned with a congratulatory note from Truman on his work.

Truman replied to this by saying it was and still is customary to let fired people resign from Washington jobs. It was not clear whether, after he found White was "wrong," Truman had an investigation made to learn what damage, if any, White might have caused the country. White's record is now being examined at the Treasury, where he worked most of his 14-year career in the government.

Yesterday, in support of his charges, Brownell said the FBI report on White had been sent not

Texas Educators Shun Censorship

AUSTIN, Tex. (AP) — The State Board of Education has refused to cut out all references to the United Nations Declaration of Human Rights in world history textbooks for Texas school children.

It voted 12-3 to adopt books that would include the text without "any editorial comment."

The board thus rejected a request of its textbook committee made up of 15 schoolteachers that the human rights declaration and authors' opinions on it be deleted from all world history books recommended.

The U. N. document among other things condemns discrimination based on race, color, sex, language, religion or politics.

Superior U.S. Planes Revealed

WASHINGTON (AP)—Adm. Dewitt C. Ramsey, president of the Aircraft Industries Assn., says U. S. manufacturers have in development or production 11 types of military planes "superior to any types in existence or under development abroad."

Ramsey said yesterday on an American Legion broadcast, prepared for use by some 600 radio stations, that the 11 types range in size from day fighters to heavy bombers.

He said U. S. manufacturers are providing the armed services with 6,000 jet planes a year—23 types of combat jets, 15 of them fighters.

Holiday Booked

NEW YORK (AP)—All financial and commodity exchanges throughout the United States will be closed tomorrow, Armistice Day. Various livestock reports will be gathered by the Department of Agriculture.

Soviet Hinted Back Of Fall In Gold Price

Reports Say Russia Selling Her Horde To Glut Market

By SAM DAWSON

NEW YORK (AP) — The price of gold has been falling on the world market. And, as with so many things, the Russians are suspected of being back of it.

The price of a gold bar in the so-called free markets has slipped nearly 30 per cent since March 1952. Last week it brought only a fraction of a dollar more than the official price set by the U. S. Treasury—\$35.50 an ounce.

After World War II the price of gold on some black markets went as high as \$60 an ounce.

Reports persist Russia has been selling some of her large hoard of gold, thus weakening its price by increasing its supply in free or black markets.

Bankers believe Russia has been selling gold for the currencies of other nations where she wants to buy consumer goods to keep her restless people quiet.

While Russia keeps mum about her gold production and stockpile, she is believed to have one of the largest hoards of any government.

What Russia wants from the West is shown in the report today from Paris that the Soviets have ordered 100,000 tons of steel products, mostly sheet steel, from French mills. The French say the steel isn't considered strategic material, since they believe it is to be used for civilian goods.

The Bank of England is in the

127 Extra Special Citizens Added

BALTIMORE (AP) — The United States is getting 127 new citizens today—all from countries behind the Iron Curtain.

They'll help their new country in military intelligence assignments, the Army said. A swearing-in ceremony was scheduled today for the group, members of a military intelligence training battalion at nearby Ft. Meade.

market to buy gold when it can as it wants to build up the reserves back of its currency. Russia, on the other hand, can use the pound sterling to buy commodities in the British Commonwealth to make consumer goods for its people.

If the price of gold falls a little more, the Bank of France may be authorized to buy it, according to reports from Paris.

The U. S. Treasury has been selling gold from time to time to friendly nations. Its gold hoard now stands at a little more than 22 billion dollars, down almost 1 billion dollars from a year ago.

About \$1 billion worth of this gold can stand the U. S. Treasury in curious stead right now as it squirms under the legal ceiling of \$275 billion on the federal debt.

B.F. Goodrich Tubeless Tire

can be your LIFE-SAVER when these happen:

Drive over spikes — no loss of air

When the BFG LIFE-SAVER is punctured — you drive on as if nothing happened. Patented sealing compound inside seals around the spike, keeps air in. Later, when spike is removed, it plugs the hole, making a permanent repair.

Slippery road — you stop quickly

The BFG LIFE-SAVER tread has thousands of tiny, flexible grip-blocks. They act like gripping fingers on slippery roads. Stop you as much as 30% quicker in rain. In tests, BFG LIFE-SAVERS outstopped, outstarted, outpulled regular tires.

Damaging impact — s-s-slowout instead of a blowout

In regular tire, impact causes a bruise-break which pinches tube. Weakened, the tube finally blows out with a bang! But the BFG LIFE-SAVER has no tube to blow out. When bruise-damaged, its inner liner develops tiny leaks. You lose air s-s-slowly. Have time for a safe stop!

And BFG LIFE-SAVER protection costs little!

Ford, Chevrolet, Plymouth 6.70-15 plus tax and your tire	\$30.95 each
Mercury, Dodge, Pontiac, Studebaker 7.10-15 plus tax and your tire	\$34.45 each
Oldsmobile, Buick, De Soto, Hudson 7.60-15 plus tax and your tire	\$37.95 each

And it costs less than any regular tire and blowout-protecting tube. Fits your present rims. As low as \$1.00 down and your old tire puts one on today.

World Today

By James Marlow
Associated Press
News Analyst

WASHINGTON (AP) — The Eisenhower administration began its attack on former President Truman's handling of Harry Dexter White, who died five years ago, by questioning, if not his motives, at least his judgment.

Now Truman's recollection, if not his truthfulness, is being challenged.

Truman, in a manner typical of his early White House days, answered fast, shooting from the hip, when the attack began. "I don't recall that such a thing happened," he said. Now more cautious, as he was later in the presidency, he is replying to questions with "no comment."

The unfolding drama already is a playwright's dream, including so far in its cast of characters three dead men in addition to Truman, President Eisenhower, Atty. Gen. Brownell, Congress, members of the Truman Cabinet, and others.

In the past few days—the drama just began last Friday—it appears to have picked up enough speed to carry it far into the headlines of 1954. Congressional investigations, which begin Thursday, should give it added thrust.

When he fired his first shot at Truman Friday with Eisenhower's blessing, Brownell said the White House had been informed by the FBI in December 1945 and February 1946 that White, then an assistant secretary of the Treasury, was a spy for Russia.

Brownell said that, in the face of these FBI reports, Truman nominated White to represent the United States on the International Monetary Fund and then appointed him after the Senate, without being told of the FBI reports, gave its approval.

Truman responded promptly. He said he had no such recollection but "as soon as we found out that White was wrong we fired him." That was in 1947, a year after White's appointment.

But James C. Hagerty, Eisenhower's press secretary, just as promptly on Friday challenged Truman's statement about the firing. Hagerty said White had resigned with a congratulatory note from Truman on his work.

Truman replied to this by saying it was still customary to let fired people resign from Washington jobs. It was not clear whether, after he found White was "wrong," Truman had an investigation made to learn what damage, if any, White might have caused the country. White's record is now being examined at the Treasury, where he worked most of his 14-year career in the government.

Yesterday, in support of his charges, Brownell said the FBI report on White had been sent not

only to the White House but to some members of Truman's Cabinet, including James F. Byrnes, and some other high officials.

At the time of those two FBI reports, Byrnes was Truman's secretary of state. The two men were friends then. But by the time Byrnes resigned they were not friends. They have been bitter political antagonists ever since.

Last night Byrnes, now governor of South Carolina, said he had not seen the first FBI report (December 1945) because he was out of the country then. But he said he saw the second one (February 1946) and went to Truman about it at once.

Byrnes said Truman told him he also had seen the FBI report and was surprised. Between the first and second FBI reports Truman had nominated White to the monetary fund job, which required Senate approval.

In his statement Byrnes said he urged Truman to withdraw the nomination. But on that very day, Byrnes said, the Senate had approved White, not knowing about the FBI reports.

Thus Byrnes was saying that Truman knew in February 1946 about the FBI report on White, whereas Truman has said as soon as he learned White was "wrong," he fired him, which was not until 1947.

Brownell said two other Cabinet members at that time—Secretary of the Treasury Fred M. Vinson and Secretary of Defense James Forrestal—had been given the FBI reports. Forrestal and Vinson, who later became chief justice, are both dead.

In his statement Byrnes said he talked with Vinson about White on the same day he had talked with Truman—that Vinson came to see him after being told by Truman about White.

Byrnes said it was his understanding that Vinson intended to urge Truman not to appoint White to the monetary fund job even though the Senate that day had approved him. But he heard no more about it, Byrnes said, until he read in the papers that White had been commissioned for the job by Truman.

Truman responded promptly. He said he had no such recollection but "as soon as we found out that White was wrong we fired him." That was in 1947, a year after White's appointment.

But James C. Hagerty, Eisenhower's press secretary, just as promptly on Friday challenged Truman's statement about the firing. Hagerty said White had resigned with a congratulatory note from Truman on his work.

White's record is now being examined at the Treasury, where he worked most of his 14-year career in the government.

Yesterday, in support of his charges, Brownell said the FBI report on White had been sent not

Texas Educators Shun Censorship

AUSTIN, Tex. (AP) — The State Board of Education has refused to cut out all references to the United Nations Declaration of Human Rights in world history textbooks for Texas school children.

It voted 12-3 to adopt books that would include the text without any editorial comment.

The board thus rejected a request of its textbook committee made up of 15 schoolteachers that the human rights declaration and authors' opinions on it "be deleted from all world history books recommended."

The U. N. document among other things condemns discrimination based on race, color, sex, language, religion or politics.

Superior U.S. Planes Revealed

WASHINGTON (AP)—Adm. Dewitt C. Ramsey, president of the Aircraft Industries Assn., says U. S. manufacturers have in development or production 11 types of military planes "superior to any types in existence or under development abroad."

Ramsey said yesterday on an American Legion broadcast, prepared for use by some 600 radio stations, that the 11 types range in size from day fighters to heavy bombers.

He said U. S. manufacturers are providing the armed services with 6,000 jet planes a year—23 types of combat jets, 15 of them fighters.

Soviet Hinted Back Of Fall In Gold Price

Reports Say Russia Selling Her Horde To Glut Market

By SAM DAWSON

NEW YORK (AP)—The price of gold has been falling on the world market. And, as with so many things, the Russians are suspected of being back of it.

The price of a gold bar in the so-called free markets has slipped nearly 30 per cent since March 1952. Last week it brought only a fraction of a dollar more than the official price set by the U. S. Treasury—\$35.50 an ounce.

After World War II the price of gold on some black markets went as high as \$60 an ounce.

Reports persist Russia has been selling some of her large hoard of gold, thus weakening its price by increasing its supply in free or black markets.

Bankers believe Russia has been selling gold for the currencies of other nations where she wants to buy consumer goods to keep her restless people quiet.

While Russia keeps mum about her gold production and stockpile, she is believed to have one of the largest hoards of any government.

What Russia wants from the West is shown in the report today from Paris that the Soviets have ordered 100,000 tons of steel products, mostly sheet steel, from French mills. The French say the steel isn't considered strategic material, since they believe it is to be used for civilian goods.

Monday Club Hears Ohio Folk Songs And Ballads

Mrs. James Grimes Is Guest Artist

The Monday Club, observing the Ohio Sesquicentennial as its program for the year, had as guest artist for the program "Ohio Folk Songs and Ballads," Mrs. James W. Grimes of Columbus, well-known folk singer. Meeting was held at 8 p. m. in the Presbyterian church.

Mrs. Grimes began by saying that many people, when they think of American folk songs, think of cowboy songs and Negro spirituals and forget what is closest to them, songs of the Midwest and Ohio. Folk songs were the songs people sang to help them work, play, remember things, teach their children and worship God. They often recorded history in the making.

Songs were brought to the North West Territory from France, Germany, Wales, England, Ireland and Scotland; new place names, names of American heroes and heroines were given them.

Mrs. Grimes spoke of the Ohio Fever songs—songs sung by would-be immigrants who were so anxious to come to Ohio that they were said to be "sick with Ohio fever," transport songs which were sung on the Ohio lakes, rivers, railroads, wagon trails and underground railroad; and those composed by the abolitionists.

Mrs. Grimes said she is always searching for folk songs and finding them but does not like to sing them until she is sure that the tune is correct.

Among the many songs which interspersed her informative narrative were, "Bar a bar a Allen," "Greensleaves," "Weevily Wheat," "Doggan's Lament," "Fare Thee Well Old Joe Clark," "Dan Tucker" and "Nellie Gray." Mrs. Grimes accompanies herself with the "Sultry," which she says dates back to the Crusade, the dulcimer, zither and auto-harp.

Mrs. Lawrence Johnson, vice-president, presided at the meeting. Invited guests were in attendance as well as members of the Monday Club.

Mrs. Irvin Reid Hosts Methodist Circle 4 Meeting

Circle 4 of Woman's Society of Christian Service of First Methodist church met at 2 p. m. Thursday in the home of Mrs. Irvin Reid of 115 N. Washington St. Mrs. Donald Pontius and Mrs. James Falyer were assistant hostesses.

Mrs. Vaden Couch conducted devotions and a business session. A film on "The New World" was presented by Mrs. Roliff Wolford. An auction was held by members of the group.

Refreshments were served by the hostesses to 17 members and 2 guests.

Next meeting is to be a Christmas party held in the church basement.

Weekend Guests Visit McDowell's

Weekend guests of Mr. and Mrs. George McDowell of Ashville were their children and families: Mr. and Mrs. Kenneth F. Nagley and Madelyn Sue of Urbana, George D. McDowell Jr. of Columbus and Dr. and Mrs. Richard T. Messick and son Michael of Philadelphia, Pa.

Dr. and Mrs. Messick and son also visited with his parents, Mr. and Mrs. George Messick of Ashville.

Ebenezer Social Circle will meet at 2 p. m. Wednesday in the home of Mrs. Orin Dresbach of 163 W. Mound St.

Mrs. Donald Bowers of near Marcys has accepted a position with the J. C. Penney Company of Circleville. Mrs. Bowers is the eldest daughter of Mr. and Mrs. Ralph Long of E. Franklin St.

Union Guild will meet at 2 p. m. Wednesday in the home of Mrs. Oland Schooley of Circleville Route 2.

Washington Grange will meet at 7:30 p. m. Friday in Washington Township school. Don Herr, associate County Agent, will show pictures taken in the state of Washington Club.

Miss Mary Ellen Young of W. Franklin St. and Miss Marjorie

Toledo Chapter 1812 Daughters Holds Reception

In observance of Founder's Day, Saturday, members of Peter Nassau Chapter, United States Daughters of 1812, entertained with a reception, program and tea in the Student Union, Toledo. This was the chapter's 50th birthday.

A cash gift was presented to the local history department of the Toledo Public Library in honor of two chartered members. Herbert Sewell, director of the Toledo Library, gave an acceptance speech.

Mr. Donald H. Watt, President of the Ohio Society, United States Daughters of 1812, was guest speaker. Her subject was "Our Opportunities, Our Obligations."

Mrs. Orion King, past State president, represented Major John Boggs Chapter.

Over 200 guests were present from the patriotic societies of Sons of the American Revolution, Daughters of the American Revolution, Toledo Society of Mayflower Descendants, Colonial Dames, New England Women and the Historical Society of Northwestern Ohio.

Francis of E. Main St. spent the weekend with Mr. and Mrs. Elvin Strickler and family of Amanda. They were Sunday dinner guests of Mr. and Mrs. Clifton Pontius of Pickaway Township.

D'S Chaplain Tells Youngsters Courage, Faith Can Win Dreams

Represented by the two teams which played for Kiwanis in the city leagues last summer, Circleville's youngest baseball players were promised Monday night that "nobody can stop you in life if you have a dream" and the determination to make it come true.

The assurance came from the Rev. "Chuck" Harrison, former athlete, widely-known public speaker and famed chaplain of the Boys' Industrial School near Lancaster. He was the principal speaker for a special program in which Circleville Kiwanis Club honored the youngsters who carried the organization's hopes last baseball season.

Approximately 75 Kiwanis members and "kid baseball" players attended the dinner meeting in Mecca Restaurant. Circleville Rotary Club a few weeks ago honored its flag-winning teams in similar fashion.

The Rev. Mr. Harrison's highly impressive talk stressed first the value of athletics in smoothing off the rough edges of a youngster's character. Later, he emphasized the secret of success for all players—in baseball or daily life: "to stick to it." And lastly he pointed to the way the thread of religious faith is woven through the story of all great men in sports.

"SUDENLY, when you've finally learned to be a good athlete," he told the 9-to-15-year-old players, "you also become a good guy—because you also learn there's a bigger guy than all of us who runs this game of life."

The Rev. Mr. Harrison commented briefly after the meeting on the relationship between the nation's juvenile delinquency problem and the claim that all boys are essentially good. Like many other leaders in similar work, the husky BIS chaplain firmly holds to the slogan: "There is no such thing as a bad boy."

Proof of the claim, he declared, is in no way reduced by youth problems said to be especially prevalent recently in many sections of the nation. While boys are essentially good in their basic inclinations, he emphasized, they live amid circumstances beyond their control and frequently fall victim to such influences.

After the regular portion of the meeting, Kiwanis President Joe Bell turned the program over to Jack Heeter, who handled special arrangements for the "Kiwanis kid baseball" tribute. Heeter in turn introduced Dick Boyd, city recreation director and outstanding key leader last summer for Circleville's first experiment in the youngster diamond leagues.

Referring also to efforts made along parallel lines by the Kiwanis organization, Heeter said Boyd was the man chiefly responsible for "one of the most successful seasons we've ever had at Ted Lewis Park." In reply, Boyd thanked Kiwanis and called attention to the fact that it was the first post-season tribute given "kid baseball" teams that failed to win a pennant. He introduced the Little League and Little Bigger League players individually.

Neither of the team managers—Abe Rihl or Roger Bennington—was able to attend the gathering. Boyd reminded his listeners that much of the success of the "kid baseball" program, in its higher goals, depends upon the managers who lead the nines. They have to be selected, he says, with care!

ence, he told the youngsters, between those who play hard and those who only talk about it. "Sports teach you how to live, and how to do more than just talk a good game," he said. "And too many of us in America today only talk a good game."

"IF SOMEHOW here tonight I can make you say to yourselves, 'I want to become THAT—whatever you want to achieve—and if you go ahead and be THAT, then it's far more to me than anything else I can get out of coming here to talk to you. The most priceless thing you can discover is the courage that comes from athletics!"

In conclusion, the Rev. Mr. Harrison turned to the vital role played by religious faith in the world of sports competition. He cited how football players in the current season—players of all faiths and nationalities—make it a common practice to pray in their pre-game huddles. And how this recognition of higher guidance becomes blended with all the best efforts of the true athletes.

"Nothing is more important in this world than a boy and his God," he said. "You guys learn to like one another, even when you get mad at one another on the field! You get to know one another, and you get to be buddies—buddies who are stronger than death itself."

"Play the game hard, boys, and learn to play it clean—in the way you know it should be played, and in a way that you won't be worried about your memories tomorrow. Believe in yourself—'I think that when a boy can stand with a ball glove on one hand

and the other reaching out to offer help to others—and with his mind turned toward the sky—then he's an All-American guy, whether the newspapers ever say so or not!"

"Greetings to you all, and when I go back to BIS tonight I may not go back alone!"

Much of the Rev. Mr. Harrison's talk was studded with humorous jibes. Several times he assured his audience that if Kiwanis officers "are going to have a fit of apoplexy over what they're paying me tonight, I can always give it back to them."

Leading into more serious thoughts, he told how much he was impressed by the respectful talk and manner of Mickey Mantle, star New York Yankee slugger, when he met the young star for the first time. He described Mantle as "a good guy—a guy who believes in going to church and Sunday School."

There is also an important differ-

ence, he told the youngsters, between those who play hard and those who only talk about it. "Sports teach you how to live, and how to do more than just talk a good game," he said. "And too many of us in America today only talk a good game."

3 Liquor Agents Ask Reinstatement

COLUMBUS (AP)—Three state liquor inspectors who were fired because of charges on which they were later acquitted continue their plea for reinstatement before the Ohio Civil Service Commission today. They are Stanley Bonnes, 26, Independence; Rolland Tague, 34, New Lexington, and Stanley Delhart, 37, Cleveland.

In July the Franklin county criminal court found them innocent of soliciting and accepting a \$150 bribe for "overlooking" violations of a Columbus tavern.

But he didn't like the idea of 32-year-old Marie Kelburn giving wine to John Snyder, 39.

Snyder was in jail for drunken driving at the time. Now Marie's there too. Fugitt sentenced her to 11 months and 29 days and fined her \$100.

D.S. Chaplain Tells Youngsters Courage, Faith Can Win Dreams

Represented by the two teams which played for Kiwanis in the city leagues last summer, Circleville's youngest baseball players were promised Monday night that "nobody can stop you in life if you have a dream" and the determination to make it come true.

The assurance came from the Rev. "Chuck" Harrison, former athlete, widely-known public speaker and famed chaplain of the Boys' Industrial School near Lancaster. He was the principal speaker for a special program in which Circleville Kiwanis Club honored the youngsters who carried the organization's hopes last baseball season.

Approximately 75 Kiwanis members and "kid baseball" players attended the dinner meeting in Mecca Restaurant. Circleville Rotary Club a few weeks ago honored its flag-winning teams in similar fashion.

The Rev. Mr. Harrison's highly impressive talk stressed first the value of athletics in smoothing off the rough edges of a youngster's character. Later, he emphasized the secret of success for all players—in baseball or daily life: "to stick to it." And lastly he pointed to the way the thread of religious faith is woven through the story of all great men in sports.

"SUDENLY, when you've finally learned to be a good athlete," he told the 9-to-15-year-old players, "you also become a good guy—because you also learn there's a bigger guy than all of us who runs this game of life."

The Rev. Mr. Harrison commented briefly after the meeting on the relationship between the nation's juvenile delinquency problem and the claim that all boys are essentially good. Like many other leaders in similar work, the husky BIS chaplain firmly holds to the slogan: "There is no such thing as a bad boy."

Proof of the claim, he declared, is in no way reduced by youth problems said to be especially prevalent recently in many sections of the nation. While boys are essentially good in their basic inclinations, he emphasized, they live amid circumstances beyond their control and frequently fall victim to such influences.

After the regular portion of the meeting, Kiwanis President Joe Bell turned the program over to Jack Hester, who handled special arrangements for the "Kiwanis kid baseball" tribute. Hester in turn introduced Dick Boyd, city recreation director and outstanding key leader last summer for Circleville's first experiment in the youngster diamond leagues.

Referring also to efforts made along parallel lines by the Kiwanis organization, Hester said Boyd was the man chiefly responsible for "one of the most successful seasons we've ever had at Ted Lewis Park." In reply, Boyd thanked Kiwanis and called attention to the fact that it was the first post-season tribute given "kid baseball" teams that failed to win a pennant. He introduced the Little League and Little Bigger League players individually.

Neither of the team managers—Abe Rihl or Roger Bennington—was able to attend the gathering. Boyd reminded his listeners that much of the success of the "kid baseball" program, in its higher goals, depends upon the managers who lead the nines. They have to be selected, he says, with careful

consideration as to "how good an influence they will be on the boys," Boyd expressed the hope Kiwanis will sponsor two teams again next season.

HEETER UNDERLINED the community benefits that flow from the youngster leagues and reminded Boyd the city recreation head will always have the satisfaction of knowing he achieved something worthwhile for the city.

Introduced by Hester, the Rev. Mr. Harrison then launched his talk amid gales of laughter. As he arose to speak, one of the youngsters in a skeptical grade-school whisper was heard to say:

"Don't look like a preacher."

To which the big chaplain retorted:

"Greetings to you all, and when I go back to BIS tonight I may not go back alone!"

Much of the Rev. Mr. Harrison's talk was studious with humorous jibes. Several times he told his audience that if Kiwanis officers "are going to have a fit of apoplexy over what they're paying me tonight, I can always give it back to them."

Leading into more serious thoughts, he told how much he was impressed by the respectful talk and manner of Mickey Mantle, star New York Yankee slugger, when he met the young star for the first time. He described Mantle as "a good guy—a guy who believes in going to church and Sunday School."

There is also an important differ-

ence, he told the youngsters, between those who play hard and those who only talk about it. "Sports teach you how to live, and how to do more than just talk a good game," he said. "And too many of us in America today only talk a good game."

IF SOMEHOW here tonight I can make you say to yourselves, "I want to become THAT"—whatever you want to achieve—and if you go ahead and be THAT, then it's far more to me than anything else I can get out of coming here to talk to you. The most priceless thing you can discover is the courage that comes from athletics!"

In conclusion, the Rev. Mr. Harrison turned to the vital role played by religious faith in the world of sports competition. He cited how football players in the current season—players of all faiths and nationalities—make it a common practice to pray in their pre-game huddles. And how this recognition of higher guidance becomes blended with all the best efforts of the true athletes.

"Nothing is more important in this world than a boy and his God," he said. "You guys learn to like one another, even when you get mad at one another on the field! You get to know one another, and you get to be buddies—buddies who are stronger than death itself."

"Play the game hard, boys, and learn to play it clean—in the way you know it should be played, and in a way that you won't be worried about your memories tomorrow. Believe in yourself—

"I think that when a boy can stand with a ball glove on one hand

The speaker emphasized that the

CHS To Meet Washington Lions Friday In Final Game Of Season

Circleville's Red and Black Tiger football team will wrap up its 1953 gridiron season Friday night in an important and traditional league encounter against invading Washington C. H. Blue Lions.

Tiger grididers will be battling for honors in the South Central Ohio League in Friday's season-end here.

Circleville to date has a record of two wins and one loss in league play, the lone defeat a 7-6 setback at the hands of Greenfield's McClellan clan.

In the same position going into the Friday night finale is Hillsboro's Indian team, which has won two tests and lost only by a 15-14 margin to Circleville.

THE BIG game of the last night of the season will be the meeting of Greenfield and Hillsboro on the Hillsboro field. Greenfield to date is undefeated in league play, needing only a victory over the Indians to claim this year's title.

Should the Hillsboro team defeat

Greenfield, however, and should the Tigers best Washington C. H. Lions, the 1953 league would go into a three-way tie for the title between Greenfield, Circleville and Hillsboro.

Even if Hillsboro loses to the invading Greenfielders the Tigers stand to gain if they can defeat Washington. A Hillsboro loss and a Circleville win would put the Tigers into undisputed second place in the league.

In all, Tiger warriors are entering Friday's finale with a season record of five wins in eight starts. Washington has collected only one victory in eight starts this season.

On paper, the CHS'ers stand as odds-on favorites over the Blue Lion aggregation, which has deteriorated hugely from its powerhouse squad of last season. But the paper work goes out the window in the traditional meeting of the Lions and Tigers.

In previous meetings of the two squads, rivalry has been so great that all pre-game guesswork has been worthless.

SO FAR this season, the CHS crew has accumulated a total of 123 points in eight games, averaging 15.3 points per encounter. Tiger foes have scored 101 points for 12.6 points per game.

Washington C. H., on the other hand, has marked up only 52 points to date in eight contests an average of 6.5 per game, while allowing the opposition a total of 193 points, an average of 24.1 points.

In its eight contests, Washington has been white-washed three times. Circleville has gone scoreless in only one match.

Washington's lone victory of the season has been a 7-0 mark over Wilmington's Hurricane crew. Circleville bested the Wilmington team by a comfortable 37-7 margin.

Hillsboro, which Circleville defeated by 15-14, scored a lopsided 59-0 victory over Washington; and Greenfield, which posted a 7-6 win over the locals, handed Washington 40-0 setback.

Another comparative score involves Linden McKinley. Circleville posted a 7-0 victory over the rugged Linden team, while Washington lost by 34-14 to the same team in its season opener.

A second-hand comparison also is offered involving Delaware and Bexley Circleville last Friday night defeated Delaware by a 13-7 margin while Bexley was defeating Washington by a 7-6 edge.

Kickoff time for the final Tiger game of the 1953 season will be at 8 p. m. Friday on the CHS field.

Gary Cooper Back From Europe

HOLLYWOOD (P)—Gary Cooper has returned to his family home after a long stay in Europe and friends say there are indications that he and his wife Rocky have reconciled.

The Coopers had been separated for more than a year. Friends said for more than a year. Friends said Mrs. Cooper told them yesterday that her husband's return could be interpreted "as they wish."

Harper Collects Saunders' Scalp

SAN FRANCISCO (P)—Clever welterweight Maurice Harper of Oakland gave away a 10-pound advantage to Sammy Saunders and scored a 10-round decision over the Los Angeles boxer at Winterland last night.

Harper, a stablemate of Carl (Bob) Olson, world middleweight champion, weighed 150 to 160 for Saunders.

Present Grid Stars Likened To Nagurski

NEW YORK (P)—The days of the blasting fullback of the Bronco Nagurski school are not gone, just ask the Notre Dame and Penn football players.

Penn's Joe Varaitis and Notre Dame's Neil Worden are being compared with Minnesota's great Don since they were turned loose on each other in the 28-20 Irish victory over the rugged Quakers last Saturday.

After Varaitis crashed what had been considered the almost impenetrable middle of Notre Dame's line for 83 yards and a touchdown, Irish Athletic Director Moose Krause said his performance rated him in the Nagurski class as a runner. Worden, the workhorse of the Irish backfield, is being tabbed less powerful than the Bronc and slower than former South Bender Joe Savoldi but comparable to both.

Outstanding fullbacks are few this year but the return to limited substitutions has given the smashers like Worden, Varaitis, Wisconsin's Alan Amoco, West Virginia's Tom Allman, Texas' Doug Cameron and Georgia Tech's Glenn Turner an opportunity to prove their versatility and durability.

Varaitis opened the season by barging over for the winning touchdown after intercepting a pass in a 13-7 triumph over Vanderbilt and his two-yard drive into the Middle end zone after he had personally escorted the ball the final 37 yards in the 9-6 Quaker upset of Navy.

Worden was a human battering ram as he led a vicious ground game in Notre Dame's 27-14 victory over Georgia Tech that ended a 31-game unbeaten string. He drove 101 yards in 20 carries, including the first touchdown, which he got by churning the last 14 yards in three cracks right up the middle. He capped the day's effort by setting up the final score with a 19-yard run on a lateral from Johnny Lattner.

Harper, a stablemate of Carl (Bob) Olson, world middleweight champion, weighed 150 to 160 for Saunders.

Ex-King Farouk's Yacht Up For Sale

CAIRO (P)—In the market for a yacht? Ex-King Farouk's floating pleasure palace is up for sale. The ornate ship Mahroussa—it means "Protected"—has been in dry dock since Farouk's exile in 1952. It used to be an ordinary royal yacht. Luxurious to be sure, but nothing extra special. Then Farouk gave it his extravagant touch.

On his orders, the yacht underwent several transformations—at a cost to the state of more than \$2,870,000. Solid gold doorknobs were installed. Suites, living rooms, a music room, ball room and several studios all were furnished with priceless works of art.

The Supreme Court, from which Justices Burton and Reed dissented, could foreshadow defeat for the government's antitrust action against the National Football League. The government argued that the league's restrictions on radio and television coverage of games is in violation of the antitrust laws.

Rep. Keating (R-N.Y.), chairman of the House judiciary subcommittee on monopoly, said his group will consider "with an open mind" any legislation proposed about baseball.

He said he is in complete agreement with the 7-2 Supreme Court

Supreme Court Says Baseball Is Sport, Not Big Business

WASHINGTON (P)—The Supreme Court has said it will keep hands off professional baseball, and that put it up to Congress to decide whether something should be done about the game's disputed reserve clause.

There were three baseball cases before the Supreme Court, on appeals from lower court findings by George Toolson and Walter Kowalski, former minor league players, and Jack Corbett, a former minor league club owner.

The court's 200-word decision yesterday said that baseball, as a sport, is not subject to the federal antitrust laws. The court thus did not consider legality of the reserve clause, under which the services of baseball players are in the absolute control of the club.

Some baseball people, such as minor league boss George Trautman, interpreted the decision as meaning that "we can proceed with confidence, knowing that there will be no legislation put in the way of the game."

While Trautman may be right, it is not certain. For Congress has the right to legislate as it sees fit in regard to baseball.

Rep. Keating (R-N.Y.), chairman of the House judiciary subcommittee on monopoly, said his group will consider "with an open mind" any legislation proposed about baseball.

He said he is in complete agreement with the 7-2 Supreme Court

decision. "Under these circumstances," he said, "I doubt if there will be any resort, in absolute or modified form, to the wholesale blacklisting that has been a characteristic of baseball since the death of Judge Landis."

decision. "Under these circumstances," he said, "I doubt if there will be any resort, in absolute or modified form, to the wholesale blacklisting that has been a characteristic of baseball since the death of Judge

CHS To Meet Washington Lions Friday In Final Game Of Season

Circleville's Red and Black Tiger football team will wrap up its 1953 gridiron season Friday night in an important and traditional league encounter against invading Washington C. H. Blue Lions.

Tiger grididers will be battling for honors in the South Central Ohio League in Friday's season-ender here.

Circleville to date has a record of two wins and one loss in league play, the lone defeat a 7-6 setback at the hands of Greenfield's Mc-Clain clan.

In the same position going into the Friday night finale is Hillsboro's Indian team, which has won two tests and lost only by a 15-14 margin to Circleville.

THE BIG game of the last night of the season will be the meeting of Greenfield and Hillsboro on the Hillsboro field. Greenfield to date is undefeated in league play, needing only a victory over the Indians to claim this year's title.

Should the Hillsboro team defeat

Greenfield, however, and should the Tigers best Washington C. H. Lions, the 1953 league would go into a three-way tie for the title between Greenfield, Circleville and Hillsboro.

Even if Hillsboro loses to the invading Greenfielders the Tigers stand to gain if they can defeat Washington. A Hillsboro loss and a Circleville win would put the Tigers into undisputed second place in the league.

In all, Tiger warriors are entering Friday's finale with a season record of five wins in eight starts. Washington has collected only one victory in eight starts this season.

On paper, the CHS'ers stand as odds-on favorites over the Blue Lion aggregation, which has deteriorated hugely from its powerhouse squad of last season. But the paper work goes out the window in the traditional meeting of the Lions and Tigers.

In previous meetings of the two squads, rivalry has been so great that all pre-game guesswork has been worthless.

SO FAR this season, the CHS crew has accumulated a total of 123 points in eight games, averaging 15.3 points per encounter. Tiger foes have scored 101 points for 12.6 points per game.

Washington C. H., on the other hand, has marked up only 52 points to date in eight contests an average of 6.5 per game, while allowing the opposition a total of 193 points, an average of 24.1 points.

Washington's lone victory of the season has been a 7-0 mark over Wilmington's Hurricane crew. Circleville bested the Wilmington team by a comfortable 37-7 margin.

Hillsboro, which Circleville defeated by 15-14, scored a lopsided 59-0 victory over Washington; and Greenfield, which posted a 7-6 win over the locals, handed Washington a 40-0 setback.

Another comparative score involves Linden McKinley. Circleville posted a 7-0 victory over the rugged Linden team, while Washington lost by 34-14 to the same team in its season opener.

A second-hand comparison also is offered involving Delaware and Bexley. Circleville last Friday night defeated Delaware by a 13-7 margin while Bexley was defeating Washington by a 7-6 edge. In an earlier game, the Bexley and Delaware teams had tied at 6-6.

Kickoff for the final Tiger game of the 1953 season will be at 8 p. m. Friday on the CHS field.

Harper Collects Saunders' Scalp

SAN FRANCISCO (P) - Clever welterweight Maurice Harper of Oakland gave away a 10-pound advantage to Sammy Saunders and scored a 10-round decision over the Los Angeles boxer at Winterland last night.

Harper, a stablemate of Carl (Bob) Olson, world middleweight champion, weighed 150 to 160 for Saunders.

Present Grid Stars Likened To Nagurski

NEW YORK (P) - The days of the blasting fullback of the Bronco Nagurski school are not gone, just ask the Notre Dame and Penn football players.

Penn's Joe Varaitis and Notre Dame's Neil Worden are being compared with Minnesota's great Bronco since they were turned loose on each other in the 28-20 Irish victory over the rugged Quakers last Saturday.

After Varaitis crashed what had been considered the almost impenetrable middle of Notre Dame's line for 85 yards and a touchdown, Irish Athletic Director Moose Krause said his performance rated him in the Nagurski class as a runner. Worden, the workhorse of the Irish backfield, is being tabbed less powerful than the Bronc and slower than former South Bender Joe Savoldi but comparable to both.

Outstanding fullbacks are few this year but the return to limited substitutions has given line smashers like Worden, Varaitis, Wisconsin's Alan Amache, West Virginia's Tom Allman, Texas' Dougal Cameron and Georgia's Glenn Turner an opportunity to prove their versatility and durability.

Varaitis opened the season by barging over for the winning touchdown after intercepting a pass in a 13-7 triumph over Vanderbilt and his two-yard drive into the Middletown zone after he had personally escorted the ball the final 37 yards aided in the 9-6 Quaker upset of Navy.

Worden was a human battering ram as he led a vicious ground game in Notre Dame's 27-14 victory over Georgia Tech that ended a 31-game unbeaten string. He drove 101 yards in 20 carries, including the first touchdown, which he got by churning the last 14 yards in three cracks right up the middle. He capped the day's effort by setting up the final score with a 19-yard run on a lateral from Johnny Lattner.

Ex-King Farouk's Yacht Up For Sale

CAIRO (P) - In the market for a yacht? Ex-King Farouk's floating pleasure palace is up for sale. The ornate ship Mahroussa—it means "Protected"—has been in dry dock since Farouk's exile in 1952. It used to be an ordinary royal yacht. Luxurious to be sure, but nothing extra special. Then Farouk gave it his extravagant touch.

On his orders, the yacht underwent several transformations — at a cost to the state of more than \$2,870,000. Solid gold doorknobs were installed. Suites, living rooms, a music room, ball room and several studios all were furnished with priceless works of art.

Gary Cooper Back From Europe

HOLLYWOOD (P) - Gary Cooper has returned to his family home after a long stay in Europe and friends say there are indications that he and his wife Rocky have reconciled.

The Coopers had been separated for more than a year. Friends said for more than a year. Friends said Mrs. Cooper told them yesterday that her husband's return could be interpreted "as they wish."

The Coopers had been separated for more than a year. Friends said for more than a year. Friends said

Supreme Court Says Baseball Is Sport, Not Big Business

WASHINGTON (P) - The Supreme Court has said it will keep hands off professional baseball, and that put it up to Congress to decide whether something should be done about the game's disputed reserve clause.

No action seemed likely any time soon. The Supreme Court decision yesterday said that baseball, as a sport, is not subject to the federal antitrust laws. The court thus did not consider legality of the reserve clause, under which the services of baseball players are in the absolute control of the club holding them under contract.

Some baseball people, such as minor league boss George Trautman, interpreted the decision as meaning that "we can proceed with confidence, knowing that there will be no legislation put in the way of the game."

While Trautman may be right, it is not certain. For Congress has the right to legislate as it sees fit in regard to baseball.

Rep. Keating (R-NY), chairman of the House judiciary subcommittee on monopoly, said his group will consider "with an open mind" any legislation proposed about baseball.

He said he is in complete agreement with the 7-2 Supreme Court majority which ruled that baseball is a sport, not an interstate business within the meaning of the nation's antitrust laws.

But he said his subcommittee will study any legislation "either to bring baseball squarely under the antitrust laws or exempt it expressly from its provisions."

The Supreme Court ruling, from which Justices Burton and Reed dissented, could foreshadow defeat for the government's antitrust action against the National Football League. The government argued that the league's restrictions on radio and television coverage of games is in violation of the antitrust laws.

But if pro football, like baseball, is held to be outside the province of the antitrust laws, it doesn't

mean that baseball is granted a license to do as it pleases.

"Until the decision was rendered, baseball was in a fog of uncertainty. Now the atmosphere has been cleared. From now on, the responsibility is ours of modernizing baseball; of meeting the challenge of changing conditions; of stepping from the past into the changing present and making sure always that our decisions and our policies are based on honesty, on fairness, on true sportsmanship and with every consideration to the best interests of the fans and the players and those others who have made baseball our great national game."

That this decision clarifies that point. However, it does not mean that baseball is granted a license to do as it pleases.

Bevo And Rio Grande Quintet Worry About Big Time Tilts

RIO GRANDE, Ohio (P)—A 25-game schedule that takes a hill-country Ohio team into Madison Square Garden is causing a few worries these days for one of the world's most publicized basketball players and his teammates.

How the Rio Grande Redmen perform against the David-and-Goliath schedule will prove whether Clarence (Bevo) Francis is as great as his last year's performances indicate or just another big man against little opposition.

The schedule is the toughest ever faced by the little college in the southern Ohio hills and is tailor-made for the fabulous Francis.

Last season the six-foot, nine-inch shotmaker was unstoppable, setting records and causing arguments that won't be settled until he is tested against stronger opponents. As a freshman, the gangling, drawing giant rolled up 1,954 points for an average of 50.1 per game as Rio Grande knocked over 39 opponents.

In one game against Ashland Junior College of Kentucky he scored 116 points. That gave Bevo the record for most points scored by a small college player. But the NCAA snatched the records away because of opposition his critics called "pushover."

This season, with junior colleges, business schools and service teams eliminated from the schedule, basketball fans the nation over will determine whether this 21-year-old, sallow-cheeked sophomore is freakish or fabulous. Games against always-powerful North Carolina State, Villanova, Miami, Wake Forest, Butler and Creighton will settle the argument.

Rio Grande, boasting a 43 per cent enrollment increase over last year's 94 full-time students, opens its season Nov. 26 at Buffalo, N. Y., against Buffalo State Institute. A week later the Redmen help open the Madison Square Garden cage season against Adelphi, then on the next two nights meet Villanova at Philadelphia and Providence at Boston.

"We're not going to get pushed around," Coach Oliver said in an interview this week. "But things don't look too good. The kids think they're pretty tough and they need

to get blasted real good. Maybe then they'll wake up."

Bevo is anxious to tie into the bigger teams, but admitted the Rio squad might be a little over-confident now.

"A fellow hates to run his own team down," the tall marksman said, "but we're going to have to snap out of it. We just don't seem to have enough steam and drive in practice. I guess you never expect to lose games, but we're going to have to go all-out. I think the boys will settle down before long, though."

Bevo said he realizes "everyone will be gunning for us and that means we'll just have to try a little harder."

Rio's starting five are back this year, including Wayne Wiseman, senior guard who led the nation last year in field goal percentage with a 62.9 accuracy average. In addition there are forwards Roy Moses and Dick Barr and guard Jim McKenney. Three others who will see a lot of action are Bill Rippinger and freshman Lee-Roy Thompson and Nemo Coyne. Thompson and Coyne were all-state high school stars.

Irish Continue To Be Top Team

NEW YORK (P)—The nation's newspaper and radio football experts continue to pick Notre Dame as the No. 1 team with Maryland and Illinois steadily gaining.

The Fighting Irish polled 79 of a possible 125 first-place votes in the seventh weekly Associated Press balloting and a total of 1,159 points on system which gives 10 points for each first-place vote, nine for second and so on.

Rounding out the top ten, in order, are Maryland, Illinois, Michigan State, Georgia Tech, Oklahoma, UCLA, West Virginia, Baylor, Toledo.

Victim Needs Loot

PASADENA, Calif. (P)—A thief stole a sample case from salesman Robert W. Martin's automobile. It contained \$25 worth of headache tablets.

Voters Favor Massillon Over Portsmouth

Mighty Tigers Listed As Top Team After Their 8th Victory

COLUMBUS, Ohio (P)—Massillon and Portsmouth, each with an impressive eight-game victory streak for the season, continued their fight today for the Ohio high school football championship.

Chuck Mather's Tigers, winners of the Ohio scholastic title the last five years, clung to the top spot in the weekly Associated Press poll of 41 sports editors with 357 poll points to Portsmouth's 308—the highest total either has garnered this fall.

However, Massillon extended its lead by a single point, having led 278 to 230 a week ago, a 48-point margin as compared with today's 49.

Dayton Chaminade and Warren were the top 10 over the weekend, and New Philadelphia's Quakers were tied, but the results failed to change the voting to any great extent.

Chaminade, dumped 28-20 by Cleveland Benedictine, skidded from third to fourth, and Benedictine jumped from among the also-rans to 10th place. Warren dropped from fourth to eighth as three-beaten Hamilton turned in a startling 19-0 win over the Panthers.

New Philly, its goal line still uncrossed but tied Friday 0-0 by Columbus East, fell from sixth to seventh.

Youngstown Ursuline, a narrow 7-0 victor over Youngstown Woodrow Wilson, fell from ninth to eleventh as Benedictine moved in.

Massillon smothered once-beaten Toledo Waite 41-2, and Portsmouth was impressive in a 58-0 conquest over Steubenville Central Catholic as the top-placers continued their duel.

Cincinnati Purcell won 40-0 over Cincinnati St. Xavier to jump from fifth to third, and Fremont Ross moved to fifth from the eighth slot with a 32-14 win over Marion Harding.

Toledo DeVilbiss won its eighth straight, 27-13 over Toledo Scott, to advance from tenth to ninth. Middletown went from seventh to sixth after defeating Dayton Fairview 41-6.

The last-place Boilermakers have played seven, lost six. Their lone victory was the upset of the year, the 6-0 victory over Michigan State.

But, in the last 10 years the Buckeyes haven't been able to beat Purdue. Of five games played in that period, the Boilermakers won four, tied one. Last year Purdue beat Ohio State 21-14.

Toledo DeVilbiss won its eighth straight, 27-13 over Toledo Scott, to advance from tenth to ninth. Middletown went from seventh to sixth after defeating Dayton Fairview 41-6.

The last-place Boilermakers have played seven, lost six. Their lone victory was the upset of the year, the 6-0 victory over Michigan State.

But, in the last 10 years

1954 March Of Dimes Drive Aiming For \$75 Million

Wilson Tells New Vaccine Is Developed

Greatest Need Now To Continue Experiment Work

Americans will be asked to contribute \$75 million to the 1954 March of Dimes next January, it was announced today by Joe Wilson, Pickaway County campaign chairman.

This sum, Wilson said, represents almost half again as much as was raised in last Winter's record-breaking appeal, and will be needed in shifting from "defenses to attack" in the fight against polio.

"For 16 years," Wilson added, "the National Foundation for Infantile Paralysis has fought polio through its programs of patient care, research and professional education. In a sense these were defensive, but now we have added an aggressive new fourth program—polio prevention."

These encouraging developments were revealed during a two-day regional pre-campaign meeting of March of Dimes chairmen and leaders held in Akron last week.

"AFTER YEARS of exhaustive research," Wilson said, "We now have gamma globulin, a temporary deterrent to paralytic polio. It was put to use this Summer in man's first attempt to alter the course of a polio epidemic. But GG is only a holding action.

"Our highest hopes lie in an experimental vaccine which other March of Dimes researchers have developed. Extensive tests for this promising new substance are planned to determine if it will provide long-lasting immunity to infantile paralysis.

"Greatest need for the immediate future is money to continue this advance in polio prevention. At the same time we must have funds to provide the best of medical care for everyone who is stricken."

"We stand on the threshold of the greatest victory ever achieved against infantile paralysis. We will try to enter the door in '54. So we have made our slogan for the drive—'More in '54,'" Joseph F. Nee of New York City, National Director of Fund Raising for the March of Dimes, told the volunteer campaign leaders.

The great result of the 1953 drive—a new high of \$51 million—not only provided care for the thousands of polio patients but made possible the widespread inoculations of gamma globulin during the epidemics of the Summer.

New polio cases, fortunately, have decreased this year from the all-time high of 1952. It was esti-

Mother Unable To Help Kiddies

FULTON, Ky. (AP) — Desperately Mrs. Thomas L. Dedman groped Sunday for her children in the wildly blazing room. The lights had gone out and the room was full of smoke.

Troy Lee Poole, 18, of Harris Station, Tenn., a visitor, crawled about on his hands and knees, also searching.

But the rapidly spreading fire, started when an overturned oil heater exploded, forced them to give up. They fled with face and neck badly burned.

Mrs. Dedman's two older daughters, Patsy, 15, and Anita, 12, escaped too. Left in the house were Terry Lynn, 7, Donna Fay, 4, and Tommy, 2.

Later firemen found three small bodies cuddled together near a window. The home was destroyed.

Strike Shuts Plant

WARREN (AP) — A strike of 1,000 workers has halted production at the Liberty plant here of the Mullins Mfg. Co. The walkout began Sunday, presumably to protest job assignments after last week's layoffs of several hundred workers, company officials said.

Mated, however, that 66,000 polio workers of this and former years will be receiving financial aid from chapters of the National Foundation for Infantile Paralysis by the end of 1953.

Those attending the conference will begin at once to build their organizations and get ready for the raising of funds during the month of January. One feature of this will be a "Mothers' March on Polio," which is expected to more than double the number of 7.5 million mothers who participated last year.

"Our highest hopes lie in an experimental vaccine which other March of Dimes researchers have developed. Extensive tests for this promising new substance are planned to determine if it will provide long-lasting immunity to infantile paralysis.

"Greatest need for the immediate future is money to continue this advance in polio prevention. At the same time we must have funds to provide the best of medical care for everyone who is stricken."

"We stand on the threshold of the greatest victory ever achieved against infantile paralysis. We will try to enter the door in '54. So we have made our slogan for the drive—'More in '54,'" Joseph F. Men Urged To Trade Dusty Office For Lush Atmosphere

by DOROTHY ROE
Associated Press Women's Editor

Business men who expect to keep any office help are advised by two experts to brighten up their "dusty, frosty" offices and install a "lush, posh" atmosphere.

With competition for competent secretaries ever keener, the recent comments of Miss Bernice Fitz-Gibbon, New York advertising executive, to a group of college job-placement officials, are likely to make things even tougher for the timid business man.

Advising college officers, Miss Miss Fitz-Gibbon chided them for sending beautiful girls off to work in dull offices and recommended they demand the best for their graduates.

The man who expects to snare one of these prizes might as well be prepared to make her working hours a pleasure. As a starter he might inquire into the most frequent gripes of the average secretary and plan to eliminate them.

The secretary worth having will demand, of course, such things as an electric typewriter, a dictating machine, foam-rubber upholstered office chairs and two hours for lunch.

But to keep her happy, the forward-looking employer is going to have to go even further, says Robert Dunlap, president of the Connecticut Telephone and Electric Corp., who has devoted much thought to the subject of modernizing business offices and thus improving the lot of the not-so-poor working girl.

Today's secretary deserves privacy for her confidential inter-office conversations, says he. And if

Parents Label Magazine 'Lie'

GREENSBORO, N. C. (AP) — The parents of a soldier who was a prisoner of war in Korea received a magazine from the Communists last week. "Just a bunch of filthy lies," the father exclaimed when he looked at it.

The magazine, postmarked London, England, was delivered here to Mr. and Mrs. Charles C. Rollins. It claims to be a souvenir of the good food and good times your ex-prisoner of war relative had while a prisoner of the Chinese People's Volunteers.

The Rollins' only son, Charles, 23, a released POW, came home last month and re-enlisted.

The new system was shown at the recent business show in New York, and attracted admiring attention from secretaries shopping around for new office improvements. The phones come in colors, operate by push buttons and require no switchboard attendant.

The man who expects to snare one of these prizes might as well be prepared to make her working hours a pleasure. As a starter he might inquire into the most frequent gripes of the average secretary and plan to eliminate them.

Advising college officers, Miss Fitz-Gibbon chided them for sending beautiful girls off to work in dull offices and recommended they demand the best for their graduates.

The man who expects to snare one of these prizes might as well be prepared to make her working hours a pleasure. As a starter he might inquire into the most frequent gripes of the average secretary and plan to eliminate them.

The secretary worth having will demand, of course, such things as an electric typewriter, a dictating machine, foam-rubber upholstered office chairs and two hours for lunch.

But to keep her happy, the forward-looking employer is going to have to go even further, says Robert Dunlap, president of the Connecticut Telephone and Electric Corp., who has devoted much thought to the subject of modernizing business offices and thus improving the lot of the not-so-poor working girl.

Today's secretary deserves privacy for her confidential office conversations, says he. And if

she wants to make a date with the boss' son without her employer listening in, that should be her privilege. Most secretaries also get frazzled nerves from the old-fashioned "squawk box" inter-communication system, from which the boss' voice may thunder at any moment.

Dunlap recommends installation of the new private line inter-office telephones, by which any member of the office staff may carry on a private conversation with any co-worker, with no danger of eavesdropping by nosy bosses or even by a switchboard operator.

The new system was shown at the recent business show in New York, and attracted admiring attention from secretaries shopping around for new office improvements. The phones come in colors, operate by push buttons and require no switchboard attendant.

The man who expects to snare one of these prizes might as well be prepared to make her working hours a pleasure. As a starter he might inquire into the most frequent gripes of the average secretary and plan to eliminate them.
